

# A Better Bingfield

## Planned improvements to your area

**Tell us what you think**

### Public Meeting

Monday 21 July 6.30pm  
Paget Centre,  
18-28 Randells Road,  
London, N1 0DH

The council wants to improve the safety and appearance of your local area by rebuilding the old council building in the corner of Bingfield Park. The new building will offer improved workshops for the Sparkplug Motorcycle Project and new facilities for other youth services and the local community.

Come along to the meeting to tell us what you think of our proposal. Everyone is welcome! Refreshments will be served from 6pm.

The venue is fully accessible. We are unable to provide a crèche facility but children, parents and young people are welcome.

For further project information, detailed disability access information or to let us know if you have any specific access or communication needs, please contact:
