

The Darwin Trail

Join us for the opening of the Charles Darwin Trail, the first of its kind in London, at Caledonian Park, Islington on:

Tuesday 6th July, 2010, 4pm

This trail links Darwin's work to our world today, helping us to understand the importance of urban ecology, wildlife habitats and biodiversity. The trail will be opened by Randal Keynes, great-great grandson of Charles Darwin and Islington resident.

All welcome. Refreshments provided.
